

# BULLDOG KlassKeeper

(100% Removable Self Contained Chassis)

D. Roy Kennedy Public School, Ottawa, ON

Raymond C. Syring Elementary, Swartz Creek, MI

Ottawa-Carleton District School Board, Nepean, ON

Elms Road Elementary, Swartz Creek, MI

Frederick K. Dieck Elementary, Swartz Creek, MI

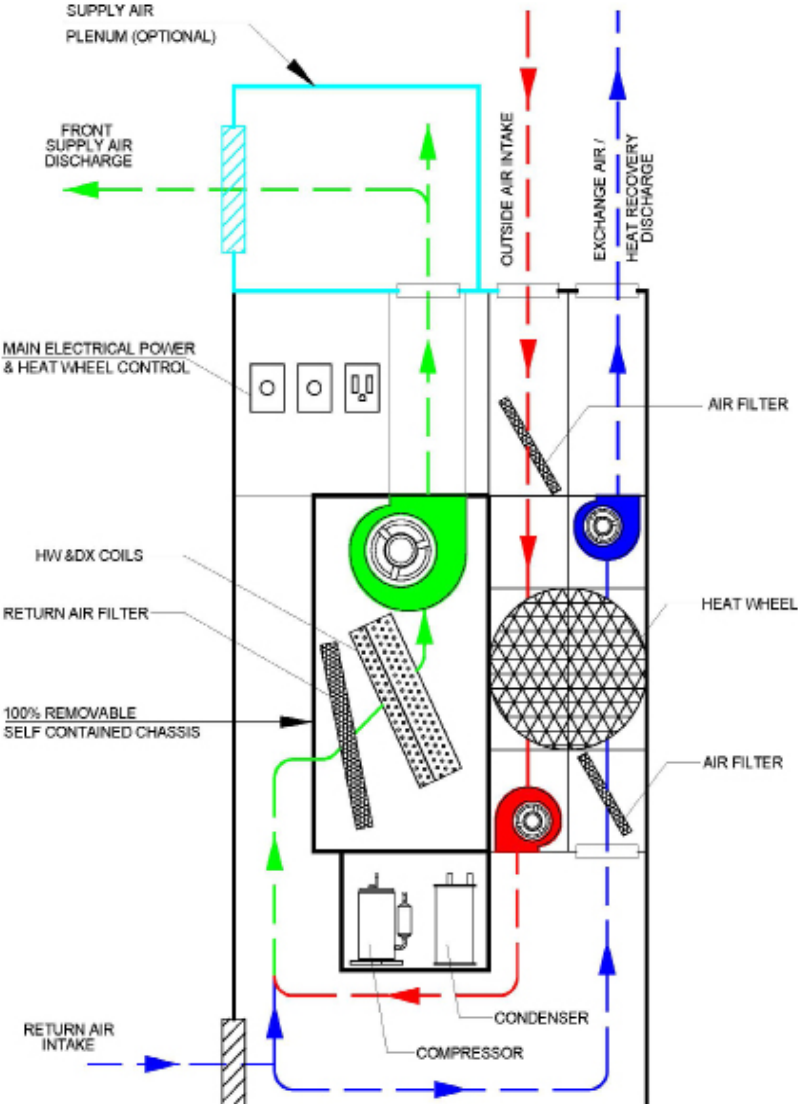

The chassis simply slides out for easy maintenance and repairs outside of the classroom and allows for a replacement chassis to ensure the class is not disrupted.

**KlassKeeper Guide Specifications:**

- Heat Wheel for 250 CFM of fresh air
- High EER cooling
- BASD interface optional
- Small footprint
- Voltages (208/3, 460/3, 575/3)
- Lockable covers for security
- Front and/or side air discharge
- Sound attenuation discharge plenum
- Top or bottom water connections
- Attractive powder coat paint finish
- Completely self contained removable chassis for ease of maintenance and no disruption to the classroom
