

General Laborer

The CGC Group of Companies is a multi-faceted company operating a manufacturing facility, distribution network and a GTA sales organization. The CGC Group is part of a worldwide organization with headquarters in Toronto and Sweden (NIBE).

Due to our success and further growth plan, we are looking for an Entry Level General Laborer to support our team at our factory in Fergus with the growing demand for our products.

Our core technologies include:

- Bulldog Hybrid Heat Pumps
- Make Up Air Units
- Compax Modular Chillers
- Geothermal Applications

Reporting to the Factory Manager, the main responsibilities and objectives will be to clean and prepare work stations, as well as to assist in the loading and delivering of materials. The ability to properly and safely operate a variety of tools and machines is also a major requirement for this position.

The successful applicant will possess a laborer background and have the required skills with the appropriate certifications:

- The knowledge of basic hand tools (i.e. Blowtorches, power drills, grinders, wire strippers, crimpers, saws, etc.)
- Forklift operation
- Levels and lifts
- Uphold a high level of safety and awareness while operating tools and machinery

We are proud to offer not only competitive wages, a comprehensive benefits plan and variable shifts, but also a positive work environment! We believe that providing a positive atmosphere is what sets us apart from our competition.

We thank all applicants for showing an interest in this position. Only those selected for an interview will be contacted.

All qualified applicants are invited to submit their resumes and to come experience the CGC difference. Please submit your resume to Lisa Lomax: LCL@cgc-group.com
